Moydow Issues Warrants Pursuant to Option Agreement in respect of the Port Loko Bauxite Deposit in Sierra Leone.

Toronto, Ontario (TSX: MOY) -- Brian Kiernan, President and CEO of Moydow Mines International Inc. ("Moydow"), announced that Moydow has issued 200,000 common share purchase warrants to Gondwana (Investments) S.A. ("Gondwana") pursuant to an option agreement entered into between Moydow, a Moydow subsidiary and Gondwana in September 2004. The warrants follow a prior issuance of 150,000 Moydow common shares that was completed effective September 8, 2004, and complete the payment of consideration to Gondwana for granting an option to a wholly owned subsidiary of Moydow to acquire an interest in the Port Loko bauxite deposit in Sierra Leone, West Africa. The warrants are exercisable at CAN\$0.38 until September 28, 2007. Each warrant entitles the holder thereof to acquire one common share in the capital of Moydow.

The option agreement between Moydow, Moydow's subsidiary and Gondwana grants Moydow's subsidiary an option to acquire a 49% interest in the Port Loko deposit upon the subsidiary incurring US\$600,000 in exploration costs. The option agreement includes a secondary option that allows Moydow's subsidiary to acquire a further 11% interest, for a total of 60%, in the Port Loko deposit upon incurring an additional US\$400,000 in exploration costs or producing a positive feasibility study. Please refer to Moydow's January 20, 2005 press release for more information concerning the option agreement.
